20.	A	Points Race – sprint every 10	30 Laps
21.	A/B/C/Women	U lose a lap u are still in	40 Laps

1. There will be rollout for all Juniors each Friday night – please ensure you arrive in a timely fashion.
2. Riders must use correct gearing for age, at Friday Night Racing.
3. Riders are not allowed to 'downgrade' themselves, but to ride in the grade as published for the night, unless altered on the night by the Handicapper Chris Pratley. This may vary depending on numbers of riders and ability, for any given night.
4. All riders to be ready in starting area before the end of the previous race (races will not be delayed). Riders must remain in the pits, before races and not come up the ramp onto the green apron.
5. Riders must not ride around on the green apron to the start/holding area, but come through lower pits.
6. After your race, come off the Track quickly – after 1.5 laps so that the next race can start. We can't have riders riding around on the green apron while a race is on.
7. Please ensure you wear gloves!
Win and Out – reverse of Elimination - First rider over the line is the winner and is removed, next time the winner is second place and removed etc.
